

Medicaid Expansion and Dental Benefits Coverage

PERCENTAGE CHANGE IN THE NUMBER OF ADULTS WITH MEDICAID DUE TO THE AFFORDABLE CARE ACT

1%
TOTAL STATE
MEDICAID SPENDING

ADDING AN EXTENSIVE ADULT DENTAL BENEFIT to a state's Medicaid program would cost, on average, 1.1% of total state Medicaid spending.

AN ESTIMATED 9.8 million adults

GAINED DENTAL BENEFITS through Medicaid expansion or Medicaid policy changes following passage of the Affordable Care Act through 2017.

Medicaid adult dental benefit classification based on: Center for Health Care Strategies. Medicaid Adult Dental Benefits: An Overview. Fact Sheet. January 2018. Available from: https://www.chcs.org/media/Adult-Oral-Health-Fact-Sheet_011618.pdf. Accessed November 6, 2018.

Medicaid eligibility expansion status based on: Kaiser Family Foundation. Status of State Action on the Medicaid Expansion Decision. As of September 11, 2018. Available from: <https://www.kff.org/health-reform/state-indicator/state-activity-around-expanding-medicaid-under-the-affordable-care-act/>. Accessed November 6, 2018.

Kaiser Family Foundation. Medicaid in North Dakota. September 2018. Available from: <http://files.kff.org/attachment/fact-sheet-medicaid-state-nd>. Accessed November 6, 2018.

Notes: Percentages in the U.S. map represent the change in the number of adults with Medicaid due to the Affordable Care Act between 2013 and 2017. We limited our analysis to adults ages 18 through 64. Our analysis is current as of November 2018.

*North Dakota does not cover dental services for the adult expansion population of approximately 21,000. Therefore, we subtracted 21,000 from the total number of adults with Medicaid dental coverage in 2017.
