

Imagine how many people you can touch when you teach

ADA, HVO and YOU

Coming together to share our care

As a sponsor of the Health Volunteers Overseas dentistry programs—which improve lives worldwide through hands-on teaching and training—the American Dental Association requests your support of current HVO programs in Cambodia, China, Laos, Nicaragua, St. Lucia, Tanzania and Vietnam.

THERE ARE TWO WAYS TO GIVE.

**Become a volunteer.
Make a contribution to the cause.**

“For two weeks we were 14 people-teachers and students from four different countries-exchanging questions and information all with the common goal of trying to take better care of the ones in need.”

—Christine Lathuras
