# Understanding Your Dental Plan

**ADA PLAN ANALYSIS SERVICE**

## Is your dental plan a good one?

What makes a dental plan cost-effective, satisfying, user-friendly and, ultimately, a better benefit?

---

The American Dental Association routinely assists companies in assessing their current or proposed dental plans via the Association's Plan Analysis Service. These plan reviews address the level and scope of coverage as well as benefits language. This free service analyzes plans using criteria based on ADA guidelines and includes the following areas:

- **Choice of provider**
- **Services covered**
- **Prioritization of benefits**
- **Eligibility requirements**
- **Administrative requirements**

This ADA service has positively affected the dental benefits offered by many employers.

### **Here's how:**

If you would like to take advantage of this public service, simply complete the attached form and send your current and/or proposed dental plan(s) to the ADA.

### **Questions:**
