

<p>Initial Licensure Examination Requirements</p>	<p>CDCA, CITA, CRDTS, SRTA, WREB Required components include: Endodontics, including access opening of a posterior tooth and access, canal instrumentation, and obturation of an anterior tooth; Fixed prosthodontics, including an anterior crown preparation and two posterior crown preparations involving a fixed partial denture factor; Periodontics, including scaling and root planing in a patient-based clinical setting; Restorative, including a class II amalgam or composite preparation and restoration and a class III composite preparation and restoration in a patient-based clinical setting; Source: West Virginia Code §30-4-8. License to practice dentistry.</p>
<p>General Licensure Requirements</p>	<p>West Virginia Code §30-4-8. License to practice dentistry. (a) The board shall issue a license to practice dentistry to an applicant who meets the following: (1) Is at least 18 years of age; (2) Does not have any criminal convictions which would bar the applicant's licensure pursuant to §30-1-24 of this code; (3) Is a graduate of and has a diploma from a school accredited by the Commission on Dental Accreditation or equivalently approved dental college, school, or dental department of a university as determined by the board; (4) Has passed a national board examination as given by the Joint Commission on National Dental Examinations and a clinical examination administered by the Commission on Dental Competency Assessments, the Central Regional Dental Testing Service, the Council of Interstate Testing Agencies, the Southern Regional Testing Agency, or the Western Regional Examining Board, or the successor to any of those entities, which demonstrates competency, and passed each individual component with no compensatory scoring in: (A) Endodontics, including access opening of a posterior tooth and access, canal instrumentation, and obturation of an anterior tooth; (B) Fixed prosthodontics, including an anterior crown preparation and two posterior crown preparations involving a fixed partial denture factor; (C) Periodontics, including scaling and root planing; and (D) Restorative, including a class II amalgam or composite preparation and restoration and a class III composite preparation and restoration. (E) The board may consider clinical examinations taken prior to July 1, 2019, or individual state clinical examinations as equivalent which demonstrates competency. (5) Has not been found guilty of cheating, deception, or fraud in the examination or any part of the application; (6) Has paid the application fee specified by rule; (7) Not be an alcohol or drug abuser, as these terms are defined in §27-1A-11 of this code: <i>Provided</i>, That an applicant in an active recovery process, which may, in the discretion of the board, be evidenced by participation in a 12-step program or other similar group or process, may be considered; and (8) Meets the other requirements specified by rule. (b) A dentist may not represent to the public that he or she is a specialist in any branch of dentistry or limit his or her practice to any branch of dentistry unless first issued a certificate of qualification in that branch of dentistry by the board. (c) A license to practice dentistry issued by the board shall for all purposes be considered a license issued under this section: <i>Provided</i>, That a person holding a license shall renew the license.</p>

The ADA attempts to keep this information current based on information from state dental boards, clinical testing agencies and state dental associations. Individuals seeking dental licensure should consult with the state board of dentistry and their professional advisors for the complete and most recent dental licensure information, application requirements, forms and fees.

	<p>3.8.2. Dentists may earn up to 8 hours and Dental Hygienists may earn up to 5 hours of continuing education credit requirements, per biennial period, for providing dental care to indigent patients. One-half hour credit is allowed for every hour of documented treatment.</p> <p>3.9. Exemptions.</p> <p>3.9.1. A licensee is exempt from continuing education requirements and is considered in compliance on the date of the end of the first continuing education reporting period following the licensee's initial licensure.</p> <p>3.9.2. A dentist who is a graduate student in an approved dental specialty program, dental internship or residency program, or related dental or medical degree program offered by an approved organization is not required to complete the continuing education requirements of this rule, but shall complete at least 3 hours of continuing education regarding drug diversion training and best practice prescribing of controlled substances training and training on prescribing and administration of an opioid antagonist pursuant to subdivision 3.5.4. of this rule and the healthcare provider/basic life support certification pursuant to 3.5.5. of this section.</p> <p>3.9.3. A dental hygienist who is enrolled in an approved dental program is not required to complete the continuing education requirements of this rule, but shall complete the healthcare provider/basic life support certification pursuant to subdivision 3.5.5. of this section.</p> <p>3.10. Penalties for Violation.</p> <p>3.10.1. A licensee who has not fulfilled the continuing education requirements of the Board shall pay a penalty as set by the Board's rule, Fees Established by the Board, SCSR3 and has 3 months in which to satisfy the requirements. A licensee who fails to satisfy the requirements may be subject to disciplinary action, which may include but is not limited to, an immediate cease and desist from practice notice, notice of formal hearing and/or monetary assessments or fines.</p> <p>3.10.2. A false statement on a renewal form or continuing education report form constitutes unprofessional conduct and may result in disciplinary action against the licensee as set forth in W.Va. Code §30-4-19.</p> <p>§5-11-4. Special Volunteer License Continuing Education Requirements.</p> <p>4.1. A dentist or dental hygienist licensed as a volunteer shall complete continuing education biennially.</p> <p>4.2. Approved Providers.</p> <p>4.2.1. The Continuing Education course shall be offered by a Board approved provider.</p> <p>4.2.2. The Board approves any course or program sponsored by the providers as set forth in subsection 3.3.2. of this rule.</p> <p>4.3. Record Keeping, Reporting, & Monitoring:</p> <p>4.3.1. A volunteer licensee shall maintain accurate records relating to continuing education courses he or she has successfully completed.</p> <p>4.3.2. The volunteer licensee shall maintain the records and information pertaining to each year for a period of six (6) years.</p> <p>4.3.3. A volunteer licensee shall report all continuing education courses on the form provided by the Board.</p> <p>4.3.4. The Board shall randomly audit the continuing education records maintained by a volunteer licensee.</p> <p>4.3.5. A volunteer licensee shall submit to the Board each reporting period documentation of satisfactory completion of the required hours of continuing education.</p> <p>4.4. Criteria</p>
--	---

	<p>4.4.1. The Board may not give continuing education credit for identical courses taken during the same continuing education reporting period.</p> <p>4.4.2. A volunteer licensee shall have a minimum of 5 hours of continuing education, which shall include at least 2 hours related to infection control. A volunteer dentist shall complete 3 hours regarding drug diversion training and best practice prescribing of controlled substances training and training on prescribing and administration of an opioid antagonist. The Board may waive these requirements upon receipt of a board-developed certification form from a volunteer attesting that he or she has not prescribed, administered, or dispensed a controlled substance during the reporting period.</p> <p>4.4.3. The volunteer licensee shall have a current certification for a comprehensive basic life support course for a health care provider that includes: resuscitation on an adult, child, and infant; two-person rescuer; barrier mask or bag for ventilation; foreign body airway obstruction; and automated external defibrillation. The volunteer licensee shall obtain a CPR certificate through the American Heart Association health care provider course, the American Red Cross professional rescuer course, or an equivalent course. Certification shall be required each continuing education period, and the certification may be counted as continuing education credits.</p> <p>4.5. Categories of Credit. The volunteer licensee may select areas of study within the following categories, not to exceed the maximum number of hours in each category.</p> <p>4.5.1. Educational and scientific courses -100% of the requirement may be obtained by Educational and scientific courses given by permanent or Board-approved biennial sponsors.</p> <p>4.5.2. Supervised self-instruction - 80% of the requirement may be obtained in this category. Supervised self-instruction shall include a testing mechanism supplied by a permanent or Board approved biennial sponsor. The licensee shall complete a test and demonstrate a level of comprehension before the Board may award credit. Tests shall be graded by the sponsor and results returned to the licensee. Supervised self-instruction includes, but is not limited to:</p> <p>4.5.2.a. Graded audio/video courses;</p> <p>4.5.2.b. Graded correspondence courses; and</p> <p>4.5.2.c. Graded computer courses.</p> <p>4.5.3. Compliance: Compliance with this rule is required for all volunteer licensees seeking license renewal.</p> <p>4.6. Penalties for Violation.</p> <p>4.6.1. A volunteer licensee who has not fulfilled the continuing education requirements of the Board has 3 months in which to satisfy the requirement. A volunteer licensee who fails to satisfy the requirements may be subject to disciplinary action, which may include but is not limited to, an immediate cease and desist from practice notice, notice of formal hearing and/or monetary assessments or fines.</p> <p>4.6.2. A false statement on a renewal form or continuing education reporting form constitutes unprofessional conduct and may result in disciplinary action against the licensee as set forth in W.Va. Code §30-4-19.</p> <p>§5-11-5. Teledentistry Registrant Continuing Education Requirements.</p> <p>5.1. A dentist registered to provide teledentistry services shall complete continuing education as required by the State he or she is licensed in, but shall complete 3 hours of drug diversion as set forth in subdivision 3.5.4. of this rule every two years.</p>
--	--

	<p>5.2. A dental hygienist registered to provide teledentistry services shall complete continuing education as required by the State her or she is licensed in.</p> <p>5.3. The Board may randomly audit the continuing education records maintained by a teledentistry registrant.</p> <p>5.4. A false statement on a renewal form or continuing education reporting form constitutes unprofessional conduct and may result in disciplinary action against the registrant as set forth in W.Va.Code §30-4-19.</p>
